

Cookie Notice

Last updated: November 10, 2025

This Cookie Notice explains how VicOne Corporation and its group companies (collectively "**VicOne**", "**we**", "**us**", and "**ours**") use cookies and similar technologies to recognize you when you visit our websites at <https://vicone.com/> ("**Website**"). It explains what these technologies are and why we use them, as well as your rights to control our use of them.

What are cookies?

Cookies are alphanumeric identifiers that VicOne transfers to your device's hard drive through your web browser to enable VicOne's systems to recognize your browser. Cookies help websites function more efficiently and provide us with business and marketing information. They also enable a website to tailor information presented to you based on your browsing preferences such as language and geographical location.

Cookies set by the website owner (in this case, VicOne) are called "first party cookies". Cookies set by parties other than the website owner are called "third party cookies". Third party cookies enable third party features or functionality to be provided on or through the website (e.g. like advertising, interactive content and analytics). The parties that set these third party cookies can recognize your computer both when it visits the website in question and also when it visits certain other websites.

Why do we use cookies?

Our Website

We use cookies to personalize web pages during your visit to our Website and to remember you for easy navigation and access during return visits. If you register for information about our Products or Services, sales contacts and other offers (including but not limited to white papers, webcasts, events and evaluation software), we use cookies to provide information about the previous link you used, in order to track your visit to our Website.

Behavioral Information

VicOne may collect certain information through cookies or similar technologies (see the "What about other tracking technologies, like web beacons" section below) on VicOne's Website to better understand customer behavior and improve our Session Management, marketing, analytics, and demographics. We use this information to provide more useful information to our customers, to understand and analyze trends, to administer the Website, to learn about Website visitor behavior on the Website, to understand which Products and Services are of most interest to our customers, to gather demographic information about our customer base as a whole and to improve our customers' experience.

The Types of Cookies that we use

Some of the cookies used on our Website are required for technical reasons in order for our Website to operate, and we refer to these as "essential" or "strictly necessary" cookies. Other cookies also enable us to track and target the interests of our Website visitors to enhance their experiences. Third parties also serve cookies through our Website for advertising, analytics and other purposes.

For more information about the first- and third-party cookies used on our website and their purposes, please contact us via email.

What about other tracking technologies, like web beacons?

Cookies are not the only way to recognize or track visitors to a website. We may also use other, similar technologies from time to time, like web beacons (sometimes called "tracking pixels", "single pixels" or "clear gifs"). These are tiny graphics files that contain a unique identifier that enable us to recognize when someone has visited our Website. This allows us, for example, to monitor and analyze the traffic patterns of Website visitors from one page within our Website to another, to deliver or communicate with cookies, to understand whether the visitor has come to our Website from an online advertisement displayed on a third-party website and to improve Website performance.

The data collected helps us to learn what information is of most interest to our customers and what our customers would most like to see. You can opt-out of the Website analysis by disabling JavaScript on your computer, but you should be aware that some of the features on our Website will not work when this is disabled.

Do you serve targeted advertising?

Third parties may serve cookies on your computer or mobile device to serve advertising through our Website. These companies may use information about your visits to this and other websites in order to provide relevant advertisements about VicOne Products and Services that are most relevant to you. They may also employ technology that is used to measure the effectiveness of advertisements. This can be accomplished by them using cookies or web beacons to collect information about your visits to this and other websites in order to provide relevant advertisements about goods and services of potential interest to you. The information collected through this process does not enable us or them to identify your name, contact details or other personal information unless you choose to provide these.

How can I control cookies?

You can set or amend your web browser controls to accept or refuse cookies. If you choose to reject cookies, you may still use our Website though your access to some functionality and areas of our Website may be restricted. Rejecting cookies may affect your ability to use some of our Websites. As the means by which you can refuse cookies through your web browser controls vary from browser-to-browser, you should visit your browser's help menu for more information.

In addition, most advertising networks offer you a way to opt out of targeted advertising. If you would like to find out more information, please visit <http://www.aboutads.info/choices/> or <http://www.youronlinechoices.com>.

How often will you update this Cookie Notice?

We may update this Cookie Notice from time to time in order to reflect, for example, changes to the cookies we use or for other operational, legal or regulatory reasons. Please therefore re-visit this Cookie Notice regularly to stay informed about our use of cookies and related technologies.

The date at the top of this Cookie Notice indicates when it was last updated.

Where can I get further information?

- If you are based **outside the EEA** and have any questions about our use of cookies or other technologies, please contact us using the details below:

VicOne Inc.
Legal Department
11F, No. 198, Section 2, Tun Hwa South Road, Taipei, Taiwan
E-Mail: legal_notice@vicone.com

- If you are based **inside the EEA**, you can contact VicOne using the details below:

GDPR:

VicOne (Germany)
Parkring 29, 85748 Garching,
Munich, Germany
